

Summer school in **Water** Governance

TESTIMONIAL

“ The Summer School was a very fruitful experience, a unique opportunity to meet water specialists and to get theoretical knowledge and practical training. I had the chance to meet practitioners in water management and hydro-diplomacy from different places and cultures. ”

Summer school in **Water** Governance

TESTIMONIAL

“ I got familiarized with the theoretical and empirical background of water governance, in particular the legal and institutional framework behind it. All in all, the two-weeks program was a rewarding experience with a cohort of participants from all around the world.”
