

Dams Dialogues

The IUCN Environmental Law Centre and the Geneva Water Hub are pleased to invite you to the launching of the initiative:

“Water flows regulation in a fragmented world”

This event will be an opportunity to address current challenges and processes surrounding the regulation of dams and serve as a platform of dialogue to provide solutions to complex water challenges.

21 May, 2021, 14:00-15:30 (Bonn and Geneva Time)
Registration: genevawaterhub.org/DamsDialogues
